Death Angel Visits Home.

The people who knew Bro. S. K. Breeding and wife will be sorry to learn that she died last week very suddenly at her home in North Carolina. She leaves a husband and two daughters at home, 3 boys, Hines, Claude, and Porter, who are not at home. We loved dear Bro. Breeding as our pastor and we are sad when we think of his loss. May the Lord continue to bless him as he used to when our pastor.

A LETTER FROM BRO. BREEDING TO JAMES TERRY.

Hendersonville, N. C., 8-10 11. Dear Bro. Terry: My precious wife went home to glory last Thursday night at 11:30 o'clock. She was suddenly taken worse on Wednesday morning. She had been growing decidedly weaker for several weeks. She has been a great sufferer for 4 years, I have never seen any one bear affliction with greater patience. She became more Christ-like every day and when the end came she went away like a child going to sleep. The Lord was with us in the very grace through it all. The wonderful room seemed filled with his presence. We miss her at every turn and have not yet fully realized our loss. I am trusting in God and looking forward. We need your prayers. I do not now get the Crittenden Press, but if you think proper you might have notice put in it for the sake of our friends in that county. Tell John Mack Phillips if you see him I wish I could be at the camp meeting. It would refresh me so. Be sure to give my love to Bro. J. J. Smith. Tell him to write me a letter. I pray the Lord will give you a great meeting. Me and the two girls are left alone now and it is lonely. I am so thankful for my two daughters. They are such a comfort to me. I want you to write me all about the camp meeting and other matters of the church, etc. How about the church in Marion? God bless you and yours and all my friends. Your brother, S. K. B.

Disgraceful Scene.

In the County Court recently, fourteen citizens, several of them heads of families were arraigned and fined for "crap shooting." Each one was assessed twenty odd dollars including the costs. It has not been the policy of this paper since it came into the present ownership to publish names or other Police Court news, out of regard for the families of the accused, but a close study of the cases before the court for twelve months past failed to show that any subscriber of the "Crittenden Record-Press" had been before the court. Wouldn't it be more respectable to subscribe

for your home paper which has shown a regard for your feelings and those of your wife and mother which you do not deserve. and cut out crap shooting and visits to such dives?

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it has a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free. F. J. CHENEY, & CO., Toledo, Ohio. Resolutions of Respect.

Resolutions of respect of Oak Hall Local No. 158 to Mrs. Betty A. Stuart Fowler, who was born Feb. 25th, 1861, was married to B. H. Fowler Dec. 31st, 1892, professed faith in Christ Sept. 1897, and became a member of the F. E. & C. U. of A. Jan. 9th, 1908 and died June 30, 1911. She was a devoted Christian, a loving companion and a true blue union sister.

Whereas God has seen fit to send the death angel to visit our local and said to Betty, "Well done thou good and faithful servant, come and enter into the joys of thy father's kingdom, a place prepared for thee."

1 Therefore be it resolved that while we mourn her death we reverently and humbly bow to the will of Him who said "I will never leave thee nor forsake thee."

2 Resolved that this local tender its sympathies to the bereaved and commend them to our Heavenly Father, who has said, "Look unto me and in time of trouble I will not forsake thee."

4 Resolved that we always remember that true worth is in being, not seeming, in doing each day that goes by some little good not in dreaming of great things to do by and bye.

5 Resolved that we commend you to so live like Betty that when thy summons comes to join that innumerable caravan that moves to that mysterious realm where each shall take his or her chamber in the silent halls of death, thou go not like the quarry slain at night, scarred to his dungeon but sustained and soothed by an unfaltering trust, approach thy grave like one who wraps the drapery of his couch about him and lays down to pleasant dreams.

Brethren and friends we would transmit this message to the unseen destiny on whose bosom merciful we trust, reposes the personality of the deceased.

Whose council we are now denied.

That we hail you with the sign of hope that cheers us on the way. We greet you with the sign of charity that comes of forgiveness and salute you with the sign of love in all its purity.

And we trust in divine providence that though no more with us, she is with Him who said, "I am the way the truth, the resurrection and the light."

6 Resolved that these resolu-

Cloudburst at Celena, Kan.

Celena, Kan., Aug. 4.—A near cloudburst, accompanied by terrific winds and hail, this morning caused probably half million damage to the zinc and lead mining industry in this vicinity. The storm cut off the Celena gas supply and crippled the water service. Railroad traffic is terribly demoralized while the wagon roads are covered. Spring river is the highest ever known and at 10 o'clock water began flowing through the safe holes in the Spring River Coal company's property at Hopewell. The precipitation since 4 a. m. is 5 inches, and the rain still falls, but lighter.

Additional reports will doubtless increase the damage done.

May Change Course.

Brownsville, Texas, Aug. 4.—The Rio Grande river threatens to change its course and throw into Mexico about 300 acres of Texas land, the International bridge and the terminal of the St. Louis, Brownsville and Mexico railroad. Engineers today are examining the tunnel to prevent the loss threatened.

tor planed down in twelve and one half minutes.

The official record for altitude had been held by M. Legagneux, who at Pau, France, last December rose to a height of 10,499 feet. The late Arch Hoxsey reached a height of 11,474 feet at Los Angeles on Dec. 26, last. Before his barograph had been examined and the mark officially attested, the instrument was destroyed in the accident which cost Hoxsey his life five days after his record ascent.
